

Welcome to the "Concrete Pavement Resource Center", an [American Concrete Pavement Association \(ACPA\)](#) website

designed to quickly connect
qualified

*
individuals with literature on concrete pavements.

Browse Publications

To browse our library of publications, click on the PUBLICATIONS link within the MAIN MENU and proceed to navigate by category or perform a keyword search.

Download Publications

Login using the username/password provided to you by your local Chapter/State Paving Association. After you log-in, all publications will be available for free download.

Request a Login

Qualified individuals* (see definition below) without a login, may request access by emailing [ACPA](#)

(
acpa@acpa.org

) with the subject line "CPRC Login". Please include your contact information within the body of the message. Only qualified individuals will receive a login courtesy of their local ACPA affiliated Chapter/State Paving Association.

Resource Center Contributors

In addition to ACPA publications, the concrete pavement resource center hosts documents from the following organizations:

[Cement Association of Canada \(CAC\)](#)

[European Concrete Paving Association \(EUPAVE\)](#)

[Federal Highway Administration Pavements Program \(FHWA\)](#)

[Innovative Pavement Research Foundation \(IPRF\)](#)

[International Grooving and Grinding Association \(IGGA\)](#)

[Massachusetts Institute of Technology Concrete Sustainability Hub \(MIT CSH\)](#)

[National Concrete Consortium \(NCC\)](#)

[National Concrete Pavement Technology Center \(CP Tech\)](#)

[National Cooperative Highway Research Program 1-37A \(NCHRP\)](#)

[National Ready Mixed Concrete Association \(NRMCA\)](#)

[Portland Cement Association \(PCA\)](#)

[Ready Mixed Concrete Research & Education Foundation \(RMC\)](#)

**Qualified individuals include members and customers of an affiliated ACPA Chapter/State Paving Association*
